PYWOTS

✧ THANKS FOR YOUR PURCHASE

GET YOUR ACCESS CODE

You bought 12 months of PyWots. Here's how to unlock it. It takes about two minutes.

1

CLAIM YOUR CODE

Open the link below and enter your **Etsy order number** and the **email on your Etsy account**. Find the order number in Etsy under **You → Purchases**, or in your order confirmation email.

pywots.vercel.app/claim

2

SAVE YOUR CODE

Your access code appears straight away, like this. **It's only shown once**, so copy it or take a screenshot.

`PY12-XXXX-XXXX`

3

CREATE YOUR ACCOUNT & REDEEM

Go to **pywots.vercel.app**, create an account with your email, and enter the code. Your **12 months start the day you redeem it**.

- Bought more than one? You get **one code per item**. Each works once, on any account, so extras make great gifts.
- Redeem your code within a year of claiming it.
- Renewing early never wastes time: a new code adds 12 months on top of what you have left.
- PyWots runs in your browser on a phone, tablet or computer. There's nothing to install.

Code not working, or something wrong? Message me on Etsy and I'll sort it out.
